Submission and collection of paintings

Wednesday November 20th between 6pm and 7.15pm. All items must be checked in.
Collection Sunday November 24th 4pm

Presentation

- All frames should be in good condition with unblemished clean glass. Frames should be securely strung (not wired) using a **pair of flat D-rings** (not eye screws unless they are on the inside of the frame). Strings should be fairly taut but with some slack allowing height adjustment. (There is a photo on the website rickyart.co.uk). This is so that the fixings do not damage the screens, enabling the paintings to be hung flat and level. Frames with a single hanging point are not acceptable.
- No painting should be more than 100cms on the longest side
- Canvasses are counted as 'framed paintings' and should adhere to the rules of stringing .
- All paintings must be labelled. Framed picture must have a label tied to the hanging string (sticky labels on the back often fall off, which is why we ask for a tied on label) and unframed pictures should have a label on the back. Both labels must state the title of the picture, the artist's name, the medium and price.

Unframed paintings

These should be mounted and wrapped in cellophane.

Cards

Cards must be labelled with the name of the artist and priced. (or we won't know who to give the sales money to!)

Stewarding

The success of the exhibition depends very much on your support and volunteers are needed to look after the picture sales during the hours of the exhibition. Please indicate your availability at the foot of the entry form.

Publicity

If you are on Facebook, Twitter, Snapchat, Instagram then please share details of the exhibition. It will only be a success if people know about it. A flier will be available from the Art society website that you can download and email to your contacts. It is printable so you can print off as many as you wish.
